

# Bridging the gap between Buyers & Sellers

SHARE THE DETAILS THAT MAKE YOUR HOUSE A HOME WITH ALEXA

## ➤ Share The Story of Your Home

There is so much more to a home than is told on the MLS. Lundy is a platform to tell the stories that make your home and community truly special.

## ➤ “In Home” Representative

Never wonder if the agent opening the door is actually knowledgeable about your listing. Alexa is available for any and every question the buyers may have.

## ➤ Your Digital Yard Sign In Kitchens Worldwide

There have been over 100 million Alexa devices sold. Your skill will be live on every one of those devices. Your agent will be able to provide their contact information and company info through the power of voice.

## ➤ Pass Along Information Buyers Actually Want

Millennials make up the largest generation of buyers in the market today.

Millennials are in the market for a lifestyle. They are interested in the community more than the size of the home.

With Lundy they get to learn about both.

## ➤ How It Works

Answer a few simple questions about the home, neighborhood and community that isn't already available to the public.

That's it! Your Realtor will take care of the rest
